The staff includes former and current professional players, college all-stars, college and high school coaches.

### MULTI-USE TUNNELS

The six multi-use batting tunnels each have a pitchers mound and an adjustable pitching machine for use. The tunnels are rented out by the half hour and full hour to the public or used weekly by the members of the facility. Reservations are taken and recommended for tunnel use. The tunnels are each 70' long, 14' wide and 19' high which allows for greater mobility and ball travel than the standard batting tunnel. The multi-use tunnels are fully turfed, and are separated by sliding nets that can be pulled back to make an open field area for clinics and fielding instruction.

### AUTO FEED BATTING SIMULATORS

Our state of the art Pro Batter PX2 Simulators are available for rent in quarter hour intervals. The two baseball and one softball machines offer eight different pitch types at speeds ranging from 40-100 mph.
